Non-Jumping Classes-Veteran or Disabled Handler: Handlers aged 60 years or older or who have a disability that restricts mobility may opt to enter the non-jumping classes as a Veteran Handler and receive 10% more standard course time. When entering as a Veteran/Disabled Handler, you must enter all dogs in all classes for the entire trial in this Division and must jump 4" lower than your Proficient, Standard Division jump height requires. In the non-jumping classes, dogs will be scored and placed with their Standard Division jump height.

NADAC records trial results as they are submitted by the host clubs/groups. The individual trial results submitted by the club are uploaded to the www.NADACForum.com within two weeks after the NADAC office receives them from the club. Please accept the responsibility to review those results, and check that your registration number and qualifying points, as reported by the club, are correct. You can join the Forum by going to www.NADACForum.com and submitting your request. If you find an error in the reporting of your dog's qualifying points or registration number, please contact the host club. The host club is responsible for correcting any errors and informing NADAC.

Levels: Points earned at a higher level of a class, prior to the completion of the lower level title, will not be recorded by NADAC for future use. If a dog earns points in a level of a class that they are not eligible to title in, those points will not be added to the dog's records.
